## WHAT DOES IT DO?

### Miracle Chopper 2000

**“The Best Get Better”** The version to end all versions!! **Better than the Miracle Blender**, it comes with the **BEST JUICING SYSTEM IN THE MARKET!!** – A juice extractor like the Miracle Bullet, and a **MANUAL JUICIER** for citrus fruit – all in all. Blend, Grind, Chop, Crush Ice or Juice. It also comes with a colour recipe guide, extra gaskets, and 4 cups! Tested and found to be equal to the Miracle Bullet in power; And it comes in full color packaging.

The secret to the Miracle Chopper 2000 time-saving efficiency is the specially designed blade and unique bullet-shaped design that automatically circulates food back into the cyclonic cutting zone with so much force and speed that it can do virtually any job in 10 seconds or less.

### Using the Miracle Chopper 2000 Couldn't Be Easier

There are no buttons to press, no complicated manuals to read. Simply place one of the Chopper Cups or Party Mugs on to the High-Torque Power Base and press...it's a snap! With the easy-to-use Miracle Chopper 2000, you can make delicious party dips like salsa, guacamole and bean dip, refreshing frozen margaritas and pina colodas, a variety of tantalizing pasta sauces, decadent desserts such as creamy chocolate mousse or frosty milkshakes and more. All with virtually no effort and no clean up. And all in 10 seconds or less.

### Using the Miracle Chopper 2000 is as easy as 1, 2, 3 ...

1. Load the ingredients into the Short Cup, Tall Cup, or Party Mug.

2. Twist on the Cross, or Flat Blade until the blade and cup have a tight seal.
3. Line up the tabs, place the bullet on the Power Base and press down on the cup to turn it on.

**Here's how it works:** As long as you're holding it down, the Miracle Chopper 2000 is on. When you want the blades to stop, simply let go.

Or, for **hands-free operation:** Press down and gently turn the cup clockwise until the tabs lock under the lip of the Power Base. Now the Miracle Chopper 2000 is in Lock On mode where the motor runs continually. To turn it off, simply twist the cup back counterclockwise and release the cup.

Blade Usage:

**Cross Blade:** Used for majority of uses to chop, blend, puree, chopping meat, cheese grating.

**Flat Blade:** Used for Whipping and Dry Grinding.
